

Harter's Fox Valley Disposal
Telephone: 1-888-804-8556 or 715-253-2619
Hours: Monday through Friday, 8:00 a.m. – 4:00 p.m.

- ✓ Garbage and recyclables will be collected every Thursday. Place trash and recyclables at the curb by 6:30 a.m.
- ✓ Garbage may be placed in bags not exceeding 30 gallons or containers not exceeding 40 gallons in size.
- ✓ Recyclables may be placed in any container or in blue or clear bags not exceeding 30 gallons in size. Recyclable materials including paper, cardboard, glass, plastic, tin and aluminum may be mixed and placed in the same container.
- ✓ **SEPARATE CHARGES FOR LARGE ITEM DISPOSAL ARE THE RESPONSIBILITY OF THE RESIDENT: Harter's Fox Valley Disposal will collect large items such as listed below on the third Thursday of each month. Residents must contact Harters in advance to schedule large item collections. Residents are responsible for paying the fees associated with the disposal of large items. Harters will collect the fee when they pick up the item.**
- ✓ Harter's Fox Valley Disposal will accept appliances, including refrigerators, freezers, air conditioners and other items containing refrigerants, water heaters, water conditioners, bulky household items, furniture, mattresses, toilets, computers and related office equipment, televisions, microwaves, lawn mowers, and bikes. Special collection rates are assessed for disposing of these items.
- ✓ Harter's will not accept building demolition, construction debris, or carpeting. Contact the company for details on how to dispose of these items.
- ✓ Harter's will not accept tires, liquid waste, yard waste, asbestos in any form, contaminated soils or non-liquid industrial wastes, hazardous or infectious waste.
- ✓ Any questions or concerns related to garbage disposal and recycling may be directed to Harter's Fox Valley Disposal, a town board member, or the town clerk.

Additional Recycling Information

Residents of Shawano County may use the Shawano Landfill for disposing of items not collected by our hauler. Transportation and tipping fees are the responsibility of the individual. The Shawano Landfill will accept tires, demolition waste, and many other items. Used batteries and waste oil are accepted at the landfill free of charge. Contact the town clerk or Shawano County Landfill at (715) 524-2230 for additional information.

Most retailers recycle old appliances and furniture when new items are purchased. Many Best Buy stores offer free recycling of electronic components including computers and televisions. Salvage yards offer money for some metal items. Contact the town clerk with information on other methods to recycle large items.

Burning Permits

Permits are required for burn barrels and brush burning in the Town of Grant. Burning permits are available at Plain Sense Printing, 744 Main Street, Caroline, Wisconsin.

Only the following items can be burned in barrels: **leaves, plant clippings, paper, cardboard, and clean untreated wood**. However, clean paper and cardboard should be recycled rather than burned. Prohibited materials include household garbage, wet food scraps, plastics, foam, synthetic materials, treated/painted wood, asphalt, rubber and other man-made materials. Burning prohibited materials releases harmful chemicals, such as dioxins, mercury, and lead into the air, soil and water of our beautiful state. Please use burn barrels sparingly and do not burn prohibited materials. Thank you.

Building Permits

Residents are reminded that since January 1, 2001, the Town of Grant has adopted an ordinance complying with the regulations set forth by the State of Wisconsin Uniform Dwelling Code. All new home construction, garages, decks, outbuildings, changes in heating, air conditioning, plumbing systems, and remodeling upgrades to existing structures in excess of \$1,000.00 require a building permit. Residing, re-roofing, painting or refinishing of interior surfaces, and the installation of cabinetry may be exempt unless the project results in a change to the original structure of the home. Building permits may be obtained from Larry Joos, Town of Grant Building Inspector.

Driveway Permits

Permits are required for the installation of a culvert, construction of new driveways, or the modification of existing driveways. Permit applications are available from the clerk, chairman, road maintenance employee, and building inspector.
